

FOR IMMEDIATE RELEASE

Business to Business Magazine Names Advocate Networks Founders as Top 25 Entrepreneurs for 2011

**Tim Wise and Scott Fogle Rank No. 18 on the List of Atlanta's Top 25
Entrepreneurs based on 3-year revenue growth and profitability**

ATLANTA, GA - November 28, 2011 – [Advocate Networks](#), a successful management consulting firm, today announced their co-founders' selection to the Business to Business Top 25 Entrepreneurs in Atlanta. Scott Fogle and Tim Wise received the honor on November 3rd at the Georgia Tech Conference Center, ranking 18th overall.

This is the second Business to Business award for Advocate Networks, a management consulting firm dedicated to transforming enterprises' communications, data center, and contact center challenges into a strategic advantage, which has also previously been named to the list of Fastest Growing Private Companies.

The honoree list recognizes the leaders of Atlanta's business community based on revenue growth, profitability, and sustainability as well as overall entrepreneurship, strategy, response to today's economy, leadership style, innovation, and people & culture. Fogle and Wise join leaders from other companies such as Insight Sourcing Group and FSB Fisher Broyles.

Advocate Networks' growth has been driven by their commitment to long-term relationships with clients and partners which allow them to continue to grow each year.

"This is a testament to our team which is dedicated to delivering tangible results driven by high ROI and thought leadership in this dynamic industry," said Wise. "We are very proud of this recognition and will work to continue to exceed expectations and deliver outstanding solutions in the future."

Profiles on all of the honorees, including Advocate Networks, will be published in the November/December issue of Business to Business, available online at www.atlantabusinessleader.com.

About Advocate Networks
